Public School Boards' Association of Alberta – Alberta Curriculum News Release

March 20, 2023 (Edmonton, AB) - The Public School Boards' Association of Alberta (PSBAA) appreciates the Government of Alberta hosting an embargoed stakeholder briefing on the K-6 curriculum prior to public release.

Public School education is the foundation of a strong Alberta and the PSBAA believes collaboration with the government helps ensure Public School success. Public schools want to be collaborative partners in identifying, supporting and seeking solutions for curriculum updates.

We are committed to working collaboratively with the government to ensure effective and reliable curriculum updates are available and implementation is manageable for all Alberta teachers and students.

We look forward to our involvement in early discussions on K-12 education revisions and we appreciate our ongoing relationship with the Ministry of Education.

– Dennis MacNeil, President
